25X1

TWO "S" PLANTS IN POLAND PRODUCING MILITARY ITEMS

Introduction

25X1

1. Osarow Cable Factory (Osarow Fabryka Kabli) in OZAROW (N52-13, E20-49)

(See Annex A and B for pinpoint location and [] layout sketch.)

25X1

a. Items Produced

This factory produced telephone cable, general wiring for aircraft and vehicles, and subterranean and subaquatic cables. Details of the nomenclature, types, production methods, and production scales were unknown []

25X1

b. Inspection of Items Produced for the Military

All items produced for the use of the armed forces were inspected by special unidentified technical officers assigned to sections of the plant which produced these items. The methods of inspection were unknown.

c. Shipment of Finished Products

All finished products were shipped from the plant by rail and factory-owned trucks of the Star and Lublin type and delivered to state-owned Commercial Centers (Centrala Handlowa) throughout Poland (exact locations unknown). Such items were then further distributed from the Commercial Centers to requesting agencies (distributing and requesting procedures were unknown). []

25X1

d. Plant Security

Plant security was maintained by the members of the Industrial Guards (Straz Przemyslowa). []

25X1

2. Telephone Equipment and Radar Instrument Production Plant "Paris Commune T-II" (Kowna Paryzka T-II) on Ulica Grochowska 341-45, WARSAW

(See Annex C and D for pinpoint location and [] layout sketch.)

25X1

a. Items Produced

This plant produced telephone switchboards, telephone sets, telephone accessories, and radar instrument parts. []

25X1

b. Inspection of Items Produced for the Military

(Same as paragraph 1b above.)

25X1

c. Shipment of Finished Products

All finished products were transported to an unknown location, by the plant's six trucks (Star-20 or Lublin type).

d. Plant Security

Security of the plant was maintained by members of the Industrial Guards and an unidentified unit of the Security Section (Wydział Bezpieczeństwa) of the Ministry of Internal Affairs. The reason for the presence of the Security Section at the plant, their function there, and the exact number of personnel comprising the unit were unknown.

Legend to Annex B

1. Factory Entrance, 4 x 2 m.
 2. Guard House for Industrial Guards; a one-story building of red brick construction, 5 x 7 x 3 m.
 3. Warehouse; a one-story building of red brick construction, 10 x 4 x 3 m.
 4. Administration Building; a one-story building of red brick construction, 4 x 5 x 3 m.
 5. Clock Room; a one-story building of red brick construction, 2 x 5 x 3 m.
 6. Warehouse; same as item 3.
 7. Warehouse; a one-story building of red brick construction, 14 x 6 x 6 m.
 8. Electro-plating and Chemical Treatment Shop; a one-story building of red brick construction, 10 x 4 x 3 m.
 9. Finished Cable Warehouse; a one-story building of red brick construction, 12 x 8 x 6 m.
 10. Railroad Car Loading Ramp of reinforced concrete and wood construction, 15 x 3 x 0.7 m.
 11. Rubber Coating Shop; a two-story building of red brick construction with furnaces in the basement, 8 x 4 x 6 m.
- Note: Items 12, 13, 14, 15, 16, 17, and 18 constituted the main assembly shops, on one floor of a red brick building with blue glass paneling which had a sloping blue glass roof, 30 x 25 x 10 m.
12. Telephone Cable Shop, 8 x 10 m.
 13. Underwater and Heavy Cable Shop, 8 x 10 m.
 14. Metal Shop, 6 x 14 m.
 15. Heavy Cable Assembly Shop, 10 x 16 m.
 16. Heavy Cable Reeling Shop, 7 x 15 m.
 17. Light Cable Reeling Shop, 5 x 16 m.
 18. Light Cable Assembly Shop, 7 x 15 m.
 19. Administrative Building; a two-story building of red brick construction, 15 x 4 x 6 m.
 20. Tool Shop; a one-story building of wood construction, 8 x 4 x 2.5 m.
 21. Administrative Building; a three-story building of red brick construction, 10 x 4 x 9 m.
 22. Central Heating Plant (dimensions and specifications unknown).
 23. Administrative Building, a three-story building of red brick construction, 20 x 6 x 10 m.
 24. Administrative Building, a three-story building of red brick construction, 20 x 6 x 10 m.

Legend to Annex D

1. Vehicle Entrance into plant, of steel bar and wire mesh construction, 3 x 2.5 m.
2. Inner Vehicle and Visitors' Entrance into the plant proper.
3. Secondary Security Wire Fence Barriers within the plant area, 2.5 m high.
4. Employees' Entrance.
5. Visitors' Entrance into the interior of the plant.
6. Wire and Reinforced Concrete Fence around the plant, 2.5 m high.
7. Entrance to the plant's Social Club for employees and guests.
8. Road within the plant area (dimensions and specifications unknown).
9. Guard House and Clock Room; a one-story building of red brick construction with a stucco finish, 6 x 2.5 x 3 m.
10. Administrative Building; a three-story building of red brick construction with a stucco finish, 12 x 6 x 9 m.
11. Guard House; a one-story building of red brick construction with a stucco finish, 6 x 2.5 x 3 m.
12. Warehouse; a one-story building of wood construction (dimensions unknown).
13. Warehouse; a one-story building of wood construction (dimensions unknown).
14. Administrative Section and Unidentified Production Halls; a three-story building of red brick construction with a stucco finish, 10 x 5 x 9 m.
15. Unidentified Main Production and Assembly Halls; a four-story building of red brick and blue glass panel construction with a blue-glass-paneled hipped roof, 28 x 15 x 15 m.
16. Unidentified Production and Assembly Hall Annex; a two-story building of red brick construction with a stucco finish, 12 x 5 x 8 m.
17. Boiler House; a building of red brick construction, with a round red brick chimney (dimensions and specifications unknown).
18. Social Club, Ball Room, and Meeting Hall; a one-story building of wood construction with hipped roof, 18 x 10 x 4 m.
19. Unidentified Production and Assembly Hall; a three-story building of red brick construction with a gray stucco finish, 25 x 15 x 10 m (constructed in early 1956).
20. Machinery Repair and Tool Shops; a one-story building of red brick construction with a gray stucco finish, 8 x 5 x 3 m.
21. Telephone Instruments Assembly Hall; a one-story building of wooden construction, 15 x 6 x 3.5 m.
22. Telephone Switchboard Assembly Hall; a one-story building of wooden construction, 15 x 6 x 3.5 m.
